

Haiku

Task 1

- Say 'syllable' and clap the syllables as you say the word. Ask the children to copy you.
- Explain that they are clapping the number of syllables in the word and ask them how many. Once you have the answer '3', say and clap the word 'alphabet'. How many syllables?
- Have a pile of the **word cards** with the words face up.
- Have each child clap out the number of syllables for the words working through the pile.
- These are the number of syllables each word has:
 - 1 syllable — sound, loud, cake
 - 2 syllables — quiet, lemon, easy, clapping, poem
 - 3 syllables — tomato, difficult

Task 2

- Read out each line of the first haiku (beginning 'The apples ripened') and work with the children to find the number of syllables in each line.
- Explain that this is a special type of poem: a haiku. They are always 3 lines long and have 5 syllables in the first line, 7 syllables in the second and 5 syllables in the last.

Task 3

- Children work independently to complete the questions.

2. One poem below is a haiku.

Circle the haiku. Count the syllables to help you decide.

The frog sat there peacefully,
Croaking on the lilypad.
The fish swam below.

Whispering gently,
I tell my dog he's the best.
I think he agrees.

3. Finish these haikus.

Remember to check the number of syllables.

My cat sleeps soundly,

.....

And eats fish dinners.

Sam loves to eat cake,

and cookies and ice cream too,

.....
