

Langford Village School has a school uniform policy; all pupils attending are expected to wear our uniform and parents are asked to support this approach.

We believe that school uniform is important as it plays a valuable role in contributing to the ethos of the school. It instils pride, supports positive behaviour and discipline; ensures pupils from all backgrounds feel welcome, nurtures cohesion and promotes good relations between different groups of pupils. A school uniform readily identifies children with the school when they are out and about in the community and on school trips.

We also believe that school uniform supports effective teaching and learning and good behaviour. A uniform reinforces an ethos in which the school is viewed as a working environment rather than a social environment.

Our school uniform is as follows:
