Handprint Bonfire

You will need:

Red and yellow paint

Black paper

Brown paper

Glue

Paintbrush

Shallow trays or paper plates

Glitter

1. First, make the logs and sticks for the base of the bonfire. To do this, tear up some strips of brown paper, making sure there are a range of different thicknesses and lengths.

2. Glue the logs and sticks onto the bottom of a sheet of black paper. Make sure you position them so that they overlap and point in different directions.

3. Next, paint your hand using a brush and some paint or dip your hand into a shallow tray of paint. Then, gently press your hand onto a piece of black paper.

4. Repeat with other colours and also mix the colours together on your hand and the paper, to create a new orange colour! Don't forget to wash your hands when you have finished printing!

5. Once the paint dries, paint on some PVA glue and sprinkle a little glitter onto the 'flames' to create some sparkles!

Handprint Bonfire

You will need:

Red and yellow paint

Black paper

Brown paper

Glue

Paintbrush

Shallow trays or paper plates

Glitter

Step 1

First, make the logs and sticks for the base of the bonfire. To do this, tear up some strips of brown paper, making sure there are a range of different thicknesses and lengths.

Step 2

Glue the logs and sticks onto the bottom of a sheet of black paper. Make sure you position them so that they overlap and point in different directions.

Next, paint your hand using a brush and some paint or dip your hand into a shallow tray of paint. Then, gently press your hand onto a piece

Step 4

Repeat with other colours and also mix the colours together on your hand and the paper, to create a new orange colour! Don't forget to wash your hands when you have finished printing!

Once the paint dries, paint on some PVA glue and sprinkle a little glitter onto the 'flames' to create some sparkles!
