

Year 6 Eagles and Buzzards: Week 2, Term 7 – Peasants, Princes and Pestilence

The following activities are for you to complete as home learning or if you are in school as part of the key worker group.

If you are coming in to school for one of the two-day periods, we will complete the activities for those days whilst you are in school (this may take a different form for some activities as we will not have access to computers).

We are not expecting you to do any additional work at home on the days that you are in school.

Helpful videos to support the Maths this week can be found at <https://whiterosemaths.com/homelearning/year-6/> Check the video is relevant to the task your child is completing.
